## WON'T SPLIT SCHEDULE

Western Association Owners Assert They Are Making Money Now.

Tulsa, Okla., July 6.—After deciding to split the season, beginning the second half of the race today, the directors of the Western association, at a reconvened session, voted to reconsider and play out the original schedule. All club owners declared their intention to play out the season, four saying they were making more money this year than they did last. It was generally admitted in the lobby of the hotel where the meeting was held that this would be the last year for the Western association.

President E. W. Dickerson of the Western league was an invited guest of the meeting and announced that if the Western association vacated Oklahoma City and Tulsa territory he believed the Western league would move two franchises into these two cities. "These are two cities that undoubtedly would be a credit to any class A league," declared President Dickerson. He denied his trip to Tulsa at this time had anything to do directly with the removal of the St. Joseph franchise of the Western league, which Jack Holland is reported to be trying to plant elsewhere.

## FOR SECOND CAMP

Applications for Next Officers Candidates Close July 15.

Secretary of War Prefers Men Between 25 and 35.

Washington, July 6.—In view of the tendency on the part of well qualified men under 31 and men without military experience to hold their applications for the second series of officers' training camps because of apparent misunderstanding of the war department's memorandum of information, dated June 4, 1917, General McCall, the adjutant general, issued the following statement today:

"The statement that mature men will be given preference for the second series of officers' training camps seems to have been misunderstood in some quarters. This preference will only apply where qualifications are equal. There is no intention to bar out applications by men under 31. In fact, examining officers have been instructed to regard the ages 25 to 35 as the most suitable. There is also some misunderstanding about the necessity of previous military experience. The government is looking primarily for intelligent and forceful men and military experience, though desirable, is not strictly necessary."

Applications for these camps will close July 15.

Blanks may be obtained from Frank P. MacLennan, chairman, Military Training Camps association, Topeka, Kan.

## WHY SPUDS ARE HIGH

Salina Man Discovers Jobbers Have a Corner on Oklahoma Cans.

Salina, Kan., July 6.—In the high cost of living potatoes are not the least expensive of the food products in central Kansas, where the crop has been materially damaged by the prolonged dry spell. Central Kansas commission merchants have resented the assertion of newspapers that potatoes could be purchased in the field in Oklahoma for \$1 and \$1.25 a bushel.

J. J. Sullivan, a Salina business man, as an individual, wrote a former classmate, Allan Knox, near Perry, Okla., and asked him to buy a carload of potatoes to ship to Salina if they could be bought at \$1 or \$1.25. Knox bought the potatoes and had them ready to ship, paying \$1 a bushel. The sacks were to cost at the rate of 10 cents for each bushel of potatoes. The freight was to be 15 cents a bushel from Perry to Salina, making the total cost here \$1.25, less than half the wholesale price in Salina.

But Knox found that cars could not be had unless the potatoes were to be shipped to the address of a jobber or commission merchant at Salina, the Santa Fe agent stating the commission merchants and jobbers had chartered all the empty cars for weeks to come.

Knox wrote Sullivan that he knew positively there were cars in Perry at the time and the agent of the railroad practically admitted so when he began to make out the bills of shipment and stopped when he found potatoes were to be shipped.

Potatoes are retailing in Salina at 90 cents a peck.

## NEW OFFICERS NAMED

Brigadier General Martin Announces Appointments in Kansas.

Charles I. Martin, brigadier general, has announced a number of new appointments for men in the service of the Kansas National Guards. The most important announcement concerns the promotion of Maj. Fred R. Fitzpatrick of Salina to the office of lieutenant colonel of the third battalion of the Third regiment of the Kansas National Guards. He succeeds Lieut. Col. Willie McD. Rowan, recently appointed colonel of the new Third regiment.

General Martin also named Capt. Harry G. Menkemeyer of Wichita as major of the third battalion of the Third regiment, with Capt. Fred L. Lemmon of Hutchinson promoted to the office of major of the first battalion. Capt. Frank E. Bonney of Wichita receives the rank formerly held by Menkemeyer, while Capt. William R. Fleeman of Hutchinson succeeds Lemmon.

## PROTEST NEW KING

Free Russia Officially Believes People Should Select Executive.

Petrograd, July 6.—Russia's only objection to the recent dynastic changes in Greece is that Prince Alexander succeeded to the throne without a plebiscite.

An official foreign office statement today declared free Russia approved of Constantine's abdication, but held that the nomination of his successor was contrary to the Greek constitution and the rights of the people alone to determine the form of their government.

## 25 YEARS AGO IN TOPEKA

From the columns of THE TOPEKA STATE JOURNAL

July 6, 1892.

Frank Doster and his sister, Miss Leonora Doster are at the National.

Nat Goodwin will open his season at the Park theatre in Brooklyn, when he will produce "The Gilded Fool."

The Santa Fe railroad should have a special car on its trains from Kansas City to Topeka for the benefit of the drunken man on the train.

Phillips' mineral water is used at the police headquarters.

Permission has been given the street car company by the city council to build a bridge across the Kaw.

The Democrat convention today endorsed the People's party national ticket by a vote of 390 to 20.

The Kansas City Star notes that Governor Humphrey is something of an epicure. A recent dinner which he ordered at the Copeland consisted of a dish of soup, a plate of olives, a bunch of radishes, a piece of pie and a cup of coffee.

If the Democrat party could only disavow for ten years it might rid itself of Tammany. No party, buttressed by such a curse can long continue.

It is Chet Long and Jerry Simpson in the Seventh.
